

Annual Leadership Conference

Island Centre, Lisburn

9-30am, 3rd March 2011

A note for your diary -

Dear Principal,

Yet again INTO and UTU are organising an annual half day conference for school leaders. Last year's successful conference focused on transfer and ESA. This year there will be a session led by the major parties where, in advance of the upcoming election, we will seek clarification of the steps they will take to defend education. In a second session Gerry Murphy, a working principal, will present a paper on the plethora of targets and data requirements being placed on school leaders today, creating pressure and workload driven by the requirements of bureaucracy.

We know you are busy people, so we are giving as much notice as possible. A more detailed agenda will follow shortly.

Yours,

Lewis Love
President UTU

John McAnulty
Chair INTO
